

ICELANDIC PARTY

for Democracy Destruction and Radical Genresearch

ATTENTION!!!

This is the first demonstration of the new founded ICELANDIC PARTY for Democracy Destruction and Radical Genresearch (IP). The IP stands up for a radicalization of the topical DeCode Genprojects, in order to obtain the world wide destruction of all democratic structures with the help of the pure people of Iceland.

Dummy democratic systems all over the world have led us to the edge of RAGNARÖK. We will not wait until they reach the golden coasts of our holy island.

Silence we ask of the sacred folk,
Silence of the kith and kin of Heimdal:
At your will Valfather, we shall well relate
The old songs of men we remember best.

Iceland is no longer the quiet little island of fairy tales and geysirs.
Iceland is the center of the new world announcement.
Iceland is future. Iceland first.

THEREFORE...

Destroy Parliament !
Tear the Edda up !
Burn Thingvellir down !
The state ? – Exterminate !
Conquer your Island back!
Build up a world leading Iceland !

WE OFFER:

RECRUITATION CENTER for FIRST ICELANDIC ARMY – HERE !

Help us and help yourself to defend all democratic terrorists devastating our Island!

MOBILE BLOOD DONATION – HERE !

Give your blood for the ultimate Icelandic Gene database! Keep Iceland clean!

FORCED STERILIZATION OF ALL ICELANDIC DEMOCRATS – NOW !

Eliminate all democratic terrorists by bloody selection!

This IP-demonstration is sponsored by former primeminister David Oddson and his close friend and DeCode-genius Kari Stefansson.
